**BEFORE THE ZONING HEARING BOARD  
OF HATFIELD BOROUGH**

**IN RE: THE APPLICATION OF  
ARBOR GROVE DEVELOPMENT COMPANY, LLC**

**DECISION AND ORDER**

**FINDINGS OF FACT**

1. On or about February 15, 2024, Arbor Grove Development Company, LLC (the "Applicant") submitted an Appeal (the "Application") to the Hatfield Borough Zoning Hearing Board (the "Board") requesting Variances to Sections 27-1202, 27-1204, 27-2102, 27-2108.1.G and 27-2108.1.H of the Borough's Zoning Ordinance ("Zoning Ordinance") proposing the consolidation of two separate parcels into one parcel for the development of a nine unit townhouse community.<sup>1</sup>

2. The properties which are the subject of the Application (collectively the "Subject Property") are owned by Robert L. Kaler, III and Joanne E. Moyer (Parcel No. 09-00-01012-00-5) and Barry V. Moyer and Joanne E. Moyer (Parcel No. 09-00-01006-00-2) located at N. Main Street and 23 N. Main Street.

3. The Subject Property is split zoned with a portion being in the Borough's CC-Core Commercial Zoning District and the remainder in the R-1 Residential Zoning District. The Board was unsure whether the zoning line followed the existing property lines.

4. The Applicant was authorized by the owners of the Subject Property to submit the Application and request the relief set forth therein as evidenced by the Owners' signature on the Application.

5. The Subject Property consists of two parcels. Parcel No. 09-00-01012-00-5 is a vacant landlocked lot identified as N. Main Street consisting of 55,067 square feet. Parcel No. 09-00-01006-00-2 is identified as 23 N. Main Street consisting of approximately 10,000 square feet (+/-) and is improved with a house.

---

<sup>1</sup> The Application, as submitted, stated the Zoning Districts as Core Commercial and R2. Applicant revised its Application to amend and correct the Zoning Districts to Core Commercial and R1. This amendment was completed prior to advertising the hearing.

6. The Subject Property is surrounded by single family homes, the post office, a borough park, and a commercial business. See Exhibit A-2.

7. A hearing on the Application (the "Hearing") occurred before the Board on March 27, 2024. At the Hearing, Board members James Rudolph, Chairman, John Pedrazzani, and Paul Mullin, Esquire were present. Dan Ruch, Alternate Member, was also present. The Board was represented by its Solicitor, Eric C. Frey, Esquire, of the law firm of Dischell, Bartle & Dooley, P.C. The Borough Manager, Jaime Snyder and Zoning Officer, Robert Heil, were also present.

8. At the Hearing, the Applicant provided testimony in support of the Application. The Applicant presented the testimony of:

- (a) Michael Amoroso, Managing Member, of Applicant; and
- (b) Robert Cunningham, P.E., Applicant's Engineer.

The Applicant was represented by Michael Meginniss, Esquire of Begley, Carlin & Mandio, LLP.

9. Two members of the public entered their appearance, without objection, as parties to the Application, as follows:

- (a) Douglas S. Renner, 25 N. Main Street; and
- (b) Janet L. McCarthy, 13 E. Broad Street.

While various other members of the public asked questions related to the Application, no other person or property owner requested party status before the Board.

10. The following documents were entered into the record as Board Exhibits:

- Exhibit B-1 - Revised Application Package;
- Exhibit B-2 - Legal Notice;
- Exhibit B-3 - Proof of Publication (published in The Reporter on March 5 and March 12, 2024); and
- Exhibit B-4 - Affidavit of Zoning Officer.

11. The following documents were entered into the record as Applicant Exhibits:

- Exhibit A-1 - Color Plan of Subject Property; and
- Exhibit A-2 - colored Aerial,

12. Nether the Borough nor the other parties offered any exhibits.

13. As set forth in the Application, the Applicant desires to consolidate the two Subject Parcels into one parcel to permit the development of a nine-unit townhouse community as shown on the plan ("Plan") marked as part of Exhibit B-1 during the Hearing.

14. All or a majority of the proposed development of the Subject Property is within the portion zoned CC-Core Commercial.

15. The Subject Property, as a combined tract, will have 62 feet of frontage on North Main Street with the largest portion of the Subject Property being a land locked tract behind the Post Office.

16. The northwest portion of the Subject Property is not developable as it contains an intermittent stream and associated floodplains and/or wetlands.

17. Prior to the current Application, the Applicant proposed multiple other proposals to the Borough, as follows:

(a) mixed use apartments and commercial with 6,800 square feet of office with 22 apartments;

(b) twins consisting of more than 9 units; and

(c) Townhomes with 10 units.

18. The commercial development of the Subject Property is not practical due to the fact that there is limited road frontage.

19. The limited frontage and access would impair visibility and access for a commercial use. Further, the frontage and shape of the Subject Property presented issues for fire safety.

20. The current proposal is for a residential development consisting of nine townhomes with associated access parking and stormwater improvements ("Project")

21. The Project has proper access for fire safety and emergency vehicles.

22. The current proposal has 12 overflow parking spaces as shown on the Plan.

23. Each townhome, as shown on Exhibit A-1, would meet the following:

(a) be 20 feet wide by 40 feet deep;

(b) have a two car garage;

- (c) have 2 surface parking spaces in a dedicated driveway;
- (d) be 3 stories high;
- (e) contain three bedrooms; and
- (f) offer a 10 feet by 10 feet second story deck.

24. While not finally determined, it is anticipated that the proposed townhomes will sell for over \$500,000 each.

25. Each townhome is proposed to be 20 feet from rear of the townhome to a property line, with decks being 10 feet from a property line.

26. The closest townhome (townhome no. 6 on Exhibit A-1) will be 10 feet from the side of a townhome to a property line.

27. As shown on the Plan, the development of the Subject Property will include an underground detention basin and a community area.

28. The detention basin and community area are not fully designed but would be designed as required by the Borough during the Borough's subdivision and land development approval process.

29. A homeowners' association will be created to manage the roadway, parking areas, stormwater controls and other common areas as shown on the Plan.

30. The emergency access for the Project will be approved by the Fire Marshal.

31. The Applicant will not develop the area of the Subject Property next to the Borough Park and will offer the same for dedication to the Borough during the Borough's review and approval of the subdivision and land development plans for the Subject Property.

32. The access has not been approved by the Borough but will be reviewed and approved by the Borough during the Borough's review and approval of the subdivision and land development plans for the Subject Property.

33. The proposed townhomes will have less traffic impact than many if not most of the uses permitted by the Zoning Ordinance in the CC District.

34. A cul-de-sac with individual lot singles will not work on the Subject Property as the bulb would need to be 100 feet wide which would take up most of the developable area.

35. Applicant will comply with the Borough's landscaping requirements and will supplement the same to the satisfaction of the Borough as determined during the

Borough's review and approval of the subdivision and land development plans for the Subject Property.

36. The proposed townhomes are more in line than the uses permitted in the CC Zoning District and will have less impacts on the neighborhood than the permitted uses.

37. Provided the conditions set forth in the below Order are strictly enforced, the improvement and use of the Subject Property as requested will be in no way detrimental to the public health, safety, and welfare.

### **DISCUSSION**

Applicant has requested Variances from Section 27-1202, 27-1204, 27-2101, 27-2108.1.G. and 27-2108.1.H of the Zoning Ordinance to permit the consolidation of two lots and the development of the same as a nine unit townhouse community.

In order to qualify for the grant of a variance, Applicant is required to show that they have met the criteria set forth in Section 910.2 of the Pennsylvania Municipalities Planning Code ("MPC"), as follows:

(1) That there are unique physical circumstances or conditions, including irregularity, narrowness, or shallowness of lot size or shape, or exceptional topographical or other physical conditions peculiar to the particular property, and that the unnecessary hardship is due to such conditions, and not the circumstances or conditions generally created by the provisions of the Zoning Ordinance in the neighborhood or district in which the property is located;

(2) That because of such physical circumstances or conditions, there is no possibility that the property can be developed in strict conformity with the provisions of the Zoning Ordinance and that the authorization of a variance is therefore necessary to enable the reasonable use of the property;

(3) That such unnecessary hardship has not been created by Applicant;

(4) That the variance, if authorized, will not alter the essential character of the neighborhood or district in which the property is located, nor substantially or permanently impair the appropriate use or development of adjacent property, nor be detrimental to the public welfare; and

(5) That the variance, if authorized, will represent the minimum variance that will afford relief and will represent the least modification possible of the regulation in issue.

Applicant has established that the Subject Property possesses certain unique physical characteristics. Specifically, the Applicant identified the following hardships: (a) landlocked parcel; (b) split zoned parcel; (c) odd shape; (d) environmental conditions; (e) limited frontage. Because of the hardships, presented, the Board determined that the Subject Property cannot be

used or developed in strict conformity with the Zoning Ordinance. The Board is satisfied that the unnecessary hardship facing the use of the Subject Property, as set forth above, was not created by Applicant.

The Board has determined that the Applicant's requested variance relief will not alter the essential character of the neighborhood or district in which the Subject Property is located, nor substantially or permanently impair the appropriate use or development of adjacent property. The Board finds that the townhomes are more in line with the existing residential uses than the uses permitted in the CC Zoning District. So long as the conditions set forth in the Order below are met, the Board is satisfied that the grant of the variance relief requested will not be detrimental to the public health, safety, or welfare. The impacts of the proposed relief are mitigated by the conditions set forth in the Order.

Further, The Board has determined that Applicant has requested the minimum relief from the Zoning Ordinance necessary to effectuate a reasonable use of the Subject Property.

#### CONCLUSIONS OF LAW

1. Pursuant to Section 909.1 of the Pennsylvania Municipalities Planning Code, the Board has exclusive jurisdiction to hear and render a final adjudication relative to the Application.
2. As set forth in the Application, Applicant has standing to request the variance relief related to the Subject Property.
3. The requirements for a variance in Pennsylvania are clear and are specifically stated in Section 910.2 of the MPC. Given the testimony presented at the Hearing, a careful review of the record evidence offered in support of the requested variance relief, and with no substantive proof offered to the contrary, the Board finds that Applicant has established an entitlement to Applicant's requested variance relief so long as the conditions set forth in the Order below are met.
4. Particularly noteworthy, this Board concludes that Applicant's requested variance relief is consistent with and will not be adverse to the public health, safety, or welfare and that Applicant's requested variance relief is the minimum relief necessary so long as the conditions set forth in the Order below are met.
5. Accordingly, this Board issues the following Order.

## ORDER

**AND NOW**, this 24<sup>th</sup> day of April, 2024, the Application of Arbor Grove Development Company, LLC is hereby **GRANTED** subject to the stated conditions below. The Board **GRANTS** Variances from Sections 27-1202, 27-1204, 27-2101, 27-2108.1.G. and 27-2108.1.H of the Zoning Ordinance to permit the consolidation of two lots and the development of the same as a nine unit townhouse community as shown in the Application (Exhibit B-1) and the Plan (Exhibit A-1).

The relief is granted in accordance with the Application and plans submitted and subject to the following conditions:

1. A Homeowners' Association (HOA) shall be established to the satisfaction of the Borough during the land development process and shall include provisions for the following:
  - a. The HOA shall be responsible for, at a minimum, for roads, parking areas, stormwater, sidewalks, trails, open space, community area, landscaping and snow plowing;
  - b. The two lots making up the Subject Property shall be merged and developed as a united Project/property; and
  - c. Open Space shall be restricted from further development and shall be offered to the Borough for dedication.
2. Landscaping and buffering shall be designed to the satisfaction of the Borough during the land development process and shall be provided between the Subject Property and all adjoining residentially used tracts;
3. There shall be a maximum of nine (9) townhome units;
4. All townhomes shall be a minimum of twenty feet (20') from all property lines with the exceptions that:
  - a. patios and decks may be a minimum of ten feet (10') from any property line; and
  - b. the townhouse unit next to the post office property (Parcel No. 09-00-01015-00-2) shall have a minimum side yard setback of ten (10) feet.
5. There shall be a minimum of twelve (12) shared parking spaces as shown on the plans;
6. Any stormwater basin shall be a minimum of fifteen feet (15') from any building;

7. All townhouse units shall have a minimum of two garage parking spaces and two surface driveway parking spaces;
8. The final design of the Project shall be approved by the Borough Fire Marshal prior to the final land development approval of the Project;
9. The site access shall be designed to the satisfaction of the Borough and PennDOT, if necessary;
10. The Project shall conform to the density and dimensional standards of the R-4 Zoning District as set forth in the Table 27-15-3 of the Zoning Ordinance, with the following exceptions:
  - a. Minimum rear yard shall be reduced to 20 feet (decks/patios may be ten (10) feet as set forth above);
  - b. The minimum lot width for any end unit shall be 25 feet;
11. Refuse collection facilities must be provided as set forth in the Borough's Code;
12. The Project shall conform to the regulations of the Flood Plain Conservation District including any riparian buffer requirements. Clearing of existing vegetation, parking lots and stormwater management facilities, among other improvements, are prohibited in the Riparian Corridor District;
13. Lighting levels and fixtures shall not create a nuisance on adjacent properties;
14. A privacy fence shall be installed along the Renner Property (Parcel No. 09-00-01009-00-8) and along the entire southern property line to shield adjacent residentially used properties from vehicles;
15. The proposed sidewalk along the Renner Property (Parcel No. 09-00-01009-00-8) shall be located adjacent to the proposed curbing for the access drive to the fullest extent practical;
16. All conditions of approval shall be complied with prior to the final Land Development and/or Subdivision approval by the Borough; and
17. The Development and the use of the Subject Property shall be substantially consistent with the testimony and exhibits presented at the Hearing on the Application.

The Foregoing Findings of Facts, Discussion, Conclusions of Law and Order, are hereby approved as the Decision and Order of the Board.

ZONING HEARING BOARD OF  
HATFIELD BOROUGH

  
James Rudolph, Chairman

  
John Pedrazzani, Secretary

  
Paul Mullin, Esquire, Member

Written Decision mailed: 4-25-2024

**NOTE TO APPLICANT**

There is a thirty (30) day period after the date of a decision for an aggrieved person to file an appeal in the Court of Common Pleas of Montgomery County to contest an approval or denial by the Zoning Hearing Board. If the Application has been granted by the Zoning Hearing Board, the Applicant may act on said approval during this thirty (30) day appeal period; however, the Applicant will do so at his/her own risk. If the Applicant received Zoning Hearing Board approval, the Applicant must still secure all necessary and applicable permits from Hatfield Borough within twelve (12) months of the date of the approval of the Zoning Hearing Board.

## Hatfield Police Report for Borough Council

4/1/2024 through 4/26/2024

### Activity in brief

---

- 347 agency cases originated in Hatfield Borough
- 51 Traffic Enforcement Actions taken
- 7 Parking Enforcement actions taken
- 139 Borough patrols were conducted
- 18 selective enforcements were conducted
- 12 traffic citations were issued
- 35 traffic warnings were issued
- 2 crashes were investigated
- 9 building overnight checks (“NightEyes”) were completed

**Property Damage:** On April 3, around 3 PM, officers responded to East Vine Street and Butler for a report of a tree that fell on a residence. The police department and fire department responded. No one was injured in the home.

**Parking Complaint:** On April, 6, around 10:30 PM, officers responded to the cul de sac on Larkspur Lane for a report of multiple vehicles parked improperly. Approximately 10 vehicles were found to be parked in the middle of the cul de sac while visiting a resident in that location. The owners moved the vehicles and the resident was advised of the danger of blocking the roadway for emergency vehicles.

**Crash:** On April 10, around 8:30 PM, officers responded to the area of North Main Street and East Broad Street for a three vehicle crash. All parties remained on scene. Two vehicles were towed and two minor injuries were reported. Distracted driving is believed to be the primary cause of the crash.

**Animal Complaint:** On April 11, around 7:30 PM, officers responded to the Main Hotel for a report of a dog tied to the fire escape. The small, white dog with long hair was reportedly left tied to the fire escape by a female who located it in the parking lot at that location and then left the area. No one claimed ownership of the dog and the police was still investigating the abandonment of the canine. Residents are advised to contact the police department if they have information.

**Criminal Mischief:** On April, 19 around 8 AM, officers responded to 200 Chestnut Street for a report the residents tire being slashed. The incident is on camera and is currently under investigation by the police department.

**Crash:** On April 22, around 9 AM, officers responded East Vine Street and South Main Street for a three vehicle crash. Crash was found to be minor and the result of a driver failing to stop in a safe distance for other stopped vehicles.

It should be noted the below totals do not account for all CFS data. Only calls for service and specific data for comparative analysis portion of the report.

## Memorandum

**To:** Ms. Jaime E. Snyder, Manager, Hatfield Borough

**Cc:** Ms. Katie Vlahos, Assistant to the Manager, Hatfield Borough  
Mr. Steve Fickert, Public Works Director, Hatfield Borough  
Ms. Kate Harper, Borough Solicitor  
Hatfield Borough Council

**From:** Chad E. Camburn, P.E.

**Date:** April 24, 2024

**Re:** May 2024 Engineering Report

The following is a highlighted list of current projects and recent engineering activities:

### CAPITAL IMPROVEMENT PROJECTS:

- **Broad Street Storm Sewer & N. Main Street Storm and Sanitary Sewer Improvements**  
*The project will replace the entire storm sewer system in West and East Broad Street and North Main Street, deteriorated CMP through private properties, and the entire sanitary sewer system in North Main Street. \$1.9M of the project will be funded with 2019 and 2022 Commonwealth Financing Authority (CFA) Pa Small Water and Sewer and H2O PA grants. The NPWA will replace their water main from Towamencin Ave. to Main Street under the contract with the Borough's work. Once the work in E. Broad Street is complete PennDOT will mill and overlay E. Broad Street.*

**The project will be advertised for bidding once PennDOT issues the Highway Occupancy Permit.**

- **2024 Roadway Resurfacing Project**  
*The project includes milling and repaving W. School Street, Jade Drive, Jean Drive, and June Drive.*

**The project was advertised for bidding on April 19, 2024. A Mandatory Pre-bid meeting will be held on May 2, and the bids will be opened on May 16.**

### OFFICE LOCATIONS

**SUBDIVISION / LAND DEVELOPMENT / PERMITS:**

- **Bennetts Court (Prestige Building Partners Townhomes)**

*The application proposes the construction of 18 townhouse units in three buildings taking access off a new cul-de-sac street, partially comprising an area of undedicated E. Broad Street.*

**Construction is ongoing, and buildings are being constructed.**

- **Didden Greenhouses Land Development**

*The application proposes to construct 121,525 sf of new greenhouses, associated parking lot, and stormwater management facilities on an 18-acre tract in Hatfield Township and Hatfield Borough. The new structures and parking lot are proposed primarily within the Township, while the stormwater basin and access driveway to W. Vine Street are proposed within the Borough.*

**No change from Previous Report** - Our latest review letter was issued on February 21, 2024. Zoning relief will be required for encroachments into the Floodplain Conservation District and Riparian Corridor District. At its meeting on March 25, 2024, the Planning Commission voted to recommend Preliminary Approval with certain conditions.

- **23 N. Main St. Sketch Plan:**

*The project includes combining two properties into one, located in the CC-Core Commercial and R-1 Residential Zoning Districts, and constructing nine townhouse units within two buildings, each with two-car garages and driveways, twelve overflow parking spaces, a community area, and an underground stormwater management basin.*

**A Zoning Hearing was held on March 27, 2024, and a Decision was issued on April 24 to grant the requested variances with conditions.**

- **43 Roosevelt Ave. Subdivision/Land Development:**

*The project includes the subdivision of the property into four residential lots and development of twin units and underground stormwater management facility. Borough Council approved Resolution No. 2021-13 at its July 21, 2021 meeting, granting Conditional Final Approval.*

**Legal descriptions have been reviewed, with a few minor comments to be addressed. We are currently awaiting design documents for the ADA sidewalk ramp replacement.**

**MISCELLANEOUS:**

- **Hatfield Township and Hatfield Borough Joint Stormwater Study**

*A \$200,000 Local Share Account (Gaming Funds) grant was awarded to the two municipalities to complete a joint study on stormwater concerns and needed improvements.*

**A preliminary list of focus areas has been prepared, and our next meeting is scheduled for May 22.**

As always, if you have any questions or comments, or if we can be of any further service, please feel free to contact me directly at 484-941-0418 or ccamburn@vancleefengineering.com.

## Governor Announces Plan to Replace RGGI

Critics of the clean energy plan claim it's the same tax on electricity as the state's RGGI membership

Gov. Josh Shapiro said he would immediately pull Pennsylvania out of a multi-state carbon cap-and-trade program if the state Legislature passes his energy plan, which he said Wednesday would reduce carbon emissions while lowering energy costs and creating clean energy jobs.

Instead of participating in the Regional Greenhouse Gas Initiative (RGGI), Pennsylvania would set its own caps on carbon emissions and require power plants to buy credits to burn fossil fuels. The revenue generated would be returned to consumers as electricity bill rebates and invested in power plants and energy efficiency improvements for homes and small businesses, Shapiro said.

"We've got to reject the false choice between protecting energy jobs and protecting the planet. We can do both. We must do both. And doing nothing at this moment is not an option," Shapiro said in an announcement Wednesday in Scranton, known as the Electric City for its early adoption of electrified street cars.

In his announcement, flanked by labor and environmental officials, Shapiro called for two legislative measures to put his energy policy into law.

The Pennsylvania Climate Emissions Reduction Act (PACER) would create a cap-and-invest program to incentivize reducing carbon emissions from electrical generation and produce revenue to support the state's energy transition, the governor's office said.

## Governor's Plan (continued)

Shapiro also called on lawmakers to pass the Pennsylvania Reliable Energy Sustainability Standard (PRESS) to modernize and expand the commonwealth's range of alternative energy sources to include next-generation nuclear, fusion, and carbon capture technologies. It would require 35% of Pennsylvania's electricity to come from clean sources by 2035. The updated standard would open Pennsylvania to new investment and create 14,500 jobs, the governor's office said.

Shapiro said the energy plan would capitalize on Pennsylvania's legacy as an energy leader, noting at Wednesday's press conference that the first U.S. coal mine was in nearby Pittston, and as the largest net exporter of energy in the country. More than 30% of the electricity produced in the commonwealth is sold to homes and businesses in other states, Shapiro said.

"That's a unique position of strength. And it is a unique opportunity for all of us if we seize this moment. My plan takes advantage of that position to invest the money we get through this plan back into the good people of Pennsylvania," Shapiro said.

Labor leaders from building and construction trades, steamfitters and laborers joined Shapiro for the announcement and praised his advocacy for energy sector workers. Pat Dolan, business manager for United Association Local Union 524, said energy policy is crucial to workers who maintain and improve power plants and upgrade schools and other buildings to make them more efficient.

"We – labor, environmentalists, and consumer interests – are all in this together. Because if we don't act now, Pennsylvania will be left behind," Morris said.

Gov. Tom Wolf's administration entered Pennsylvania into the RGGI compact as its 12th state in 2022. Opponents of Pennsylvania's membership said it constituted an illegal tax on energy consumers and was an overreach of the governor's executive authority.

In November, a Commonwealth Court panel ruled in favor of power and coal companies and labor unions that sued the Wolf administration, saying the revenue generated by the sale of carbon credits through RGGI was an unconstitutional tax.

The Shapiro administration is appealing the decision in the state Supreme Court.

GOP lawmakers said after Shapiro's announcement Wednesday that they are focused on energy policy but said Shapiro's plan falls short of their goals.

"Instead of coming to Pennsylvanians with a mixed bag of half measures, Gov. Shapiro should immediately pull Pennsylvania out of RGGI and work with Republicans in the General Assembly on real and direct ways we can support Pennsylvania's growing energy economy and lower costs on Pennsylvania's families and businesses," House Minority Leader Bryan Cutler (R-Lancaster) said.

Cutler's spokesperson said Republican energy policy for the last 13 years has included increased production of oil and gas in the commonwealth and enhancing the state's electricity supply with an all-of-the-above strategy to improve grid reliability. House Republicans will continue their efforts with legislation this session, spokesperson Jason Gottesman said.

Senate Majority Leader Joe Pittman (R-Indiana) called on Shapiro to drop the state's appeal of the Commonwealth Court ruling.

"It now appears the governor agrees with the Commonwealth Court's ruling asserting a cap-and-trade program for electric generation is a tax on electricity and would require legislative approval," adding that a cap-and-trade program that applies only to Pennsylvania electricity producers "does not fit the bill.

"Families are feeling the strain of inflation and increased household expenses, which must be a chief concern when implementing any changes to energy policy. Pennsylvania needs to put electric generation, grid reliability and consumer affordability first, and our Senate Republican Majority will continue to focus on initiatives to promote investment and innovation here in Pennsylvania," Pittman said in a statement.

Figure 1: 13 States in PJM - Delaware, Illinois, Indiana, Kentucky, Maryland, Michigan, New Jersey, North Carolina, Ohio, Pennsylvania, Tennessee, Virginia, West Virginia, and the District of Columbia

Shapiro convened a working group of environmental, energy and labor leaders last April to evaluate Pennsylvania's membership in RGGI in the context of a three-part test considering the goals of protecting and creating energy jobs, action to address climate change, and ensuring affordable and reliable energy for consumers.

It concluded in September that reducing greenhouse gas emissions was necessary and inevitable, and that a cap-and-trade regulation that generates revenue to support the commonwealth's energy transition would be optimal. It didn't reach a consensus on whether to pursue those goals through RGGI or an agreement with a smaller number of states.

(continued on next page)

## Governor's Plan (continued)

Shapiro said he would follow the working group's recommendations to replace RGGI with either a cap-and-invest plan for Pennsylvania alone or incorporating the 13 states in the PJM Interconnect, which coordinates the distribution of wholesale electricity throughout the mid-Atlantic and beyond.

Clean energy business associations applauded the plan, saying the goal of 35% clean electricity would maximize the deployment of new energy sources while maintaining a strong foundation of legacy energy industries.

"Gov. Shapiro's proposal should help jump start conversations in Harrisburg about how best to bring clean energy's massive economic and jobs benefits to Pennsylvania," said Nick Bibby, Pennsylvania state lead for Advanced Energy United."

Power PA Jobs Alliance, a coalition of about 30 local unions and coal-related companies, said that while Shapiro expressed skepticism about RGGI as attorney general and as a candidate, his proposal Wednesday was "virtually the same carbon tax on electric generation."

The group said Shapiro's working group stressed that the commonwealth's energy policy must not cause increased energy costs, job loss, higher localized pollution or allow carbon emitters to move their operations beyond the reach of regulation.

"A Pennsylvania specific carbon tax-and-trade program ... would not avoid, but directly lead to these unfavorable environmental and economic outcomes for Pennsylvania," the group said.

## Snyder Recognized by AMP as Rising Star

As part of the People Moving Public Power Forward campaign in 2024, AMP is spotlighting Rising Stars — emerging leaders in Member communities and at AMP. The goal of the campaign is to highlight the dedication of a variety of individuals who work in AMP Member communities and at AMP, raise awareness of the many career opportunities available in public power and inspire the next generation of leaders.

AMP is pleased to announce its inaugural Rising Star — Jaime E. Snyder, MPA, CBO, Borough Manager for the Borough of Hatfield.

### What is it like working in public power? What inspired you to work in this sector?

*Snyder:* Working in public power entails serving the community directly, which is a highly rewarding experience. Public power utilities are community-owned and operated, which allows for a closer connection to the customers we serve. Public power utilities take pride in providing reliable and affordable electricity to our communities. Working in a public power community, there is a sense of fulfillment and satisfaction knowing that you are making a positive impact on the community, and that is what inspired me to work in the public power sector.

### Who in public power has inspired you? Is there another leader/mentor who inspires you? What type of leader do you aspire to be?

*Snyder:* I have been inspired by many past and current colleagues in my career in the public power industry. First and foremost, I would not be where I am today in my career if it were not for the mentorship of my predecessor, Michael DeFinis, both an American Municipal Power (AMP) and an American Public Power Association (APPA) Seven Hats Award winner who introduced me to the world of public service in a public power community. His mentorship provided me with guidance, support and valuable networking resources, which have laid the foundation of my public service career and allowed me to be a part of state and national organizations such as the Pennsylvania Municipal Electric Association, AMP and APPA.

As a leader, I aspire to create and recognize "lollipop moments" within my organization. These moments are often noted as small gestures of support, acknowledgment, appreciation, and encouragement that can inspire, motivate, and foster an environment of growth and success.

### How do you approach your own professional development and career progression, and what sources do you lean on for that?

*Snyder:* There are many key aspects of professional development and career progression, but what I have found to be most successful for myself is approaching it with a proactive mindset and a commitment to continuing education, self-development and building relationships with my peers. I rely on training programs, continuous learning platforms, and forming partnerships with associations, organizations, and colleagues in the public power industry to seek opportunities for growth and development.

### What accomplishments in your role in public power give you the most satisfaction or make you proud of your work?

*Snyder:* I feel a sense of pride in being a part of the public power community. Public power communities prioritize reliability, affordability and customer satisfaction while delivering electricity

(continued on next page)

## Snyder Rising Star (continued)

services to residents and businesses. Being part of an industry where you can provide a local service at the highest quality that personally impacts the lives of those in the community in a positive way is the greatest accomplishment.

**What advice would you give to someone who is just starting their career in public power or who is looking to progress in their career?**

*Snyder:* If you are just starting your career in public power, the main pieces of advice that I would give would be to embrace networking and collaboration and focus on customer service. Networking with professionals in the industry and building strong relationships with colleagues and associations allows for a wide range of resources for both personal and professional development. They can lead to new opportunities, growth and success for yourself and your utility. Also focusing on developing strong customer service skills and prioritizing customer satisfaction by listening to customer feedback, addressing their concerns, and finding ways to improve their experience with the utility will lead to the positive, long-term success of your utility.
