Outage Report

DATE: 10/20/2026

POWER OFF: 1:31AM

POWER ON: 4:00AM

PROPERTIES AFFECTED: Main Street Circuit

EMPLOYEES RESPONDING: Steve & Matt

CONTRACTOR CALLED: Henkels & McCoy

TIME: 2:15AM

ARRIVED: 3:10AM

CAUSE OF OUTAGE: A squirrel tripped all three fuses and a lightning arrestor at the tri-bank feeding the Hatfield Post office causing the Main Street Circuit Recloser to open.

REPAIRS MADE: Replaced the fuses and lightning arrestor

Additional Notes: Initially, Hatfield Volunteer Fire Company and the Hatfield Police called the electric superintendent at 1:58AM advising there was a power outage. It was suspected that a tripped fuse next to Surco Rubber caused the outage. That fuse was replaced and the circuit was re-energized. It wasn't until we received a phone call around 7:05AM from the post office stating that they still did not how power. That is when the fault was identified.

Re: November 2026 Engineering Report

The following is a highlighted list of current projects and recent engineering activities:

SUBDIVISION / LAND DEVELOPMENT / PERMITS:

- **Hatfield Walk (23 N. Main St. Townhomes)**
  The application proposes the construction of 8 townhouse units in two buildings taking access off North Main Street. An existing dwelling will be demolished, and two properties will be combined. Preliminary/Final Plan Approval was granted with conditions at the February 19, 2025 Borough Council meeting.

  As-built Plans and sanitary sewer videos were received on October 20, 2026, and we issued markups of the plans on October 28. Once the As-builts are satisfactory, we will recommend release of construction financial security and issue a recommendation for the 18-month maintenance security.

- **Bennetts Court (Prestige Building Partners Townhomes)**
  The application proposes the construction of 18 townhouse units in three buildings taking access off a new cul-de-sac street, partially comprising an area of undedicated E. Broad Street.

  The site improvements have been completed. We are working on a recommendation to release financial security for the sitework and to obtain the 18-month maintenance security. The Borough Solicitor is working on the deed of dedication for the sanitary sewer mains.

- **200 N. Main St. (Laudenslager Senior Apartments)**
  The project includes building 114 apartment units in three buildings at the site of the former Biblical School. The apartments will be age-restricted affordable housing. The site is located in both Hatfield Borough and Hatfield Township. Phases 1 and 2 are located within Hatfield Township and consist of constructing two new buildings, parking lots, and stormwater management Basins. Phase 3 is partially within Hatfield Borough and includes renovating the existing building and converting it into dwelling units, and constructing new parking lots and a stormwater management basin. The applicant received a renewal of their previous zoning relief at a Zoning Hearing held on September 24, 2026. The Zoning Relief will expire on September 23, 2027.

  Revised plans and design documents were received on October 26, 2026 and are currently under review.

- **Brooks Instruments**
  The Owner is proposing a large parking lot expansion behind the building located in Hatfield Borough and Hatfield Township. The majority of the parking lot is in the Township, while the stormwater runoff will be conveyed to a basin on the property within the Borough.

  A Stormwater Permit application was received on October 5, 2026, and we issued comments on October 22.

- **Grace Lutheran Church**
  The church is evaluating the potential to subdivide a portion of the property that contains a single-family dwelling at 30 N. Main Street. The property was previously a separate lot and was combined in common deed with the church as part of a subdivision and land development in 2015.

  On October 22, 2026 the Borough Manager and I met with representatives of the church to discuss the current zoning requirements, challenges, and process needed to advance through a subdivision application.

CAPITAL IMPROVEMENTS:

- **2026 ADA RAMP REPLACMENT PROJECT**
  The project includes replacing 28 sidewalk ramps to improve them to current ADA compliance standards. The ramps being surveyed and designed are located along Union St., Cherry St., Diamond St., and Fretz St. The construction will be funded with liquid fuels funds.

  We continue working on the ADA ramp designs, contract documents, and determining the need for encroachment easements and right-of-way acquisition. We are also working on PenNDOT Highway Occupancy Permit plans and ramp design documents. At this time we anticipate the project being ready for bidding in the first quarter of 2027.

As always, if you have any questions or comments, or if we can be of any further service, please feel free to contact me directly at 484-941-0418 or ccamburn@vancleefengineering.com.

3. The Tree Commission shall have the right, upon program approval of the Borough Council of Hatfield Borough, to make recommendations to the Borough Council to trim, spray, preserve and plant such trees as may be necessary to beautify an area which is in an unsafe condition or which by reason of its nature is injurious to sewers or electric infrastructure or other public improvements or is infected with any injurious fungus, insect, or other pest.

4. If the Tree Commission determines that it is necessary to obtain the assistance of persons especially qualified by reason of training or experience in tree planting, preservation, or landscaping, in order to perform its duties, the Tree Commission shall recommend to the Borough Council to direct Borough personnel to perform such tasks or to contract with other persons to perform such tasks. The employees or contractors shall be under the direction and control of the Borough Manager.
